Subject: Planchest Ltd

Sir,

Having been introduced to Planchest Ltd in 2013 when working for Sir Robert McAlpine the company successfully delivered a database for the management of an engineering design office.

Having moved on to Costain in 2015 I had no hesitation to use Planchest Ltd again to write a bespoke database for the management of technical risk and appointment of duty holder relating to temporary works activities within Costain.

My primary contact has been Stephen Solt who presented the proposal for the TRMS database in Aug 2016 and development has progressed in stages to date with future planned development to digitise current paper systems. In recent time from early 2022 I have also worked with Planchest's Peter Lord who is taking on some of the development work from Stephen as he has reduced his work load.

I write this email to confirm my knowledge of Planchest Ltd and both Stephen Solt and Peter Lord and the wish of myself and Costain, the company I work for, and have them continue to provide the service to develop of the database into the future.

Should you need to contact myself please use the contacts above and below.

Best regards

Alan Miles BSc C Eng FICE MIMar EST
